

**Robotics Team 48 E.L.I.T.E.**  
**Safety Course**  
**Meeting 1 Minutes**  
**January 11, 2020**

**Team members Sign in**

**Introductions:**

- Safety Team Mentor: Donnell
- Mikayla and Bella

**Program:**

- Classes will be held every Saturday until all material has been covered.
- Each class will begin at 10:00 AM.
- Each member will be issued a Safety Workbook. There is also a PDF version of the safety workbook on the team website: <http://delphielite.com/>
- Each class will have different safety information presented.
- At the end of each class a reading assignment from the Safety Workbook will be assigned.
- Extra Credit will be offered each week. Attendance is required at the meeting to earn any extra credit.

**Respect:**

- Team members are expected to be on time.
- Team members are expected to communicate any problems to Donnell.

**Accountability:**

- Team members must pass the safety course in order to travel with the team.
- Extra Credit must be turned in at the beginning of each class.
- Quizzes are taken at the end of each class.

**Assignment:**

- Read the Introduction and Background (pages 1-2)
- Read about Underwriters Laboratory (page 3)
- Read Chapter1(pages 4-9)

**Extra Credit**

- Section 1:4 Review Questions (page 9)
